Higher School of Economics,
Moscow, Russia

STUDENT LIFE
STUDY, WORK, FUN

HSE students come from all over the world to study in English or in Russian. Most of international students study at our campus in Moscow, a true global capital, and interact with some of Russia's brightest scholars in our classrooms and research labs. If your idea of learning involves combining theory and practical experiences, HSE could be the perfect place for you.

The entire university comes together throughout the year for events like HSE Day in Gorky Park and our students take great pride in HSE traditions. Student groups and athletics offer something for everyone, from performing arts and debate clubs to football and swimming teams.

The HSE community is especially welcoming to international students. Our staff and students help to make our Moscow campus, with its dormitories, libraries, and cafeterias, your new home away from home. Students enjoy the support of the International students support office, programme officers, as well as the Career Development Centre. International students are immediately matched with Russian Buddies, HSE student volunteers.

Admission opens November 15
For arranging a campus visit, meeting with program director, application assistance please contact Oxana Budjko
