**We are happy to present HSE Economic Journal vol. 23. No. 4, 2019**

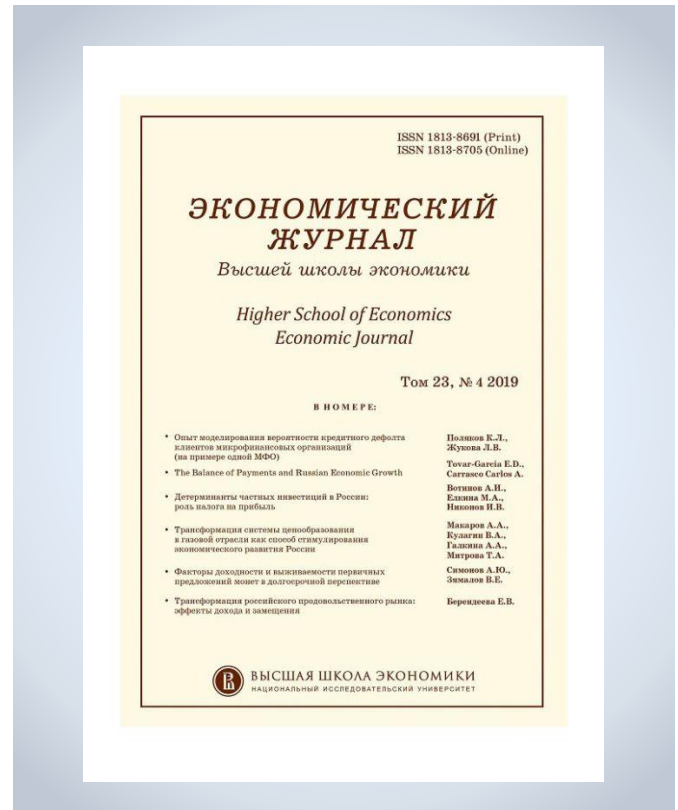

The HSE Economic Journal publishes refereed papers both in Russian and English. It has perceived better understanding of the market economy, the Russian one in particular, since being established in 1997.

Its Editorial Board and Council consist of prominent Russian and foreign researchers whose activity has fostered integration of the world scientific community.

The new issue includes articles dealing with modeling the probability of credit default of clients of microfinance organizations; the balance of payments and Russian economic growth; the determinants of private investment in Russia; transformation of pricing in the gas industry as a way to stimulate Russia's economic development; long run return and survival factors of ICO; Russian food market transformation.
